STAFF INCIDENT MANAGEMENT

Keeping children actively involved in meaningful, fun activities generally creates an environment in which problems are few and minor. However, when program guidelines are not followed, staff will use the following behavior/incident guidelines.

- Behavior/Incident Guidelines: Appropriate behavior from every child is expected. Each child will be treated fairly, firmly, and removed from the activity if necessary.
- When a behavior/incident problem occurs:
 1. The staff will handle the problem initially. Techniques such as redirecting, discussing the problem, reviewing guidelines, loss of privileges and or have their parents notified.
 2. A behavior/incident report may be filled out for the parent to review and sign. All behavior/incident reports will be kept in file at center.

PROGRAM GUIDELINES FOR THE CHILD

We have developed a set of basic guidelines for all children to follow. Please review these guidelines with your child. Other guidelines/rules have been developed for certain areas of the facility and will be gone over with your child.

- Respect the indoor and outdoor equipment.
- Use “inside voices” when indoors.

ROLE OF THE PARENT OR CARE GIVER

Communication between the parent and the staff is essential to serve the best interest of the children. A close working relationship between the staff and the parent/caregiver provides the basis for an effective and successful program. Our objective is to offer complete open communication between parent/caregiver and staff. The parent/care giver’s responsibility in establishing this relationship includes:

1. All registration forms and payment must be completed before the child can be accepted into the program.
2. Informing staff of any special needs the child may have (i.e., allergies, medical information, food reactions, or any other concerns).

3. Making sure that the child has adequate and weather appropriate clothing. Closed toed tennis shoes and socks are required to be able to participate in all activities.

ILLNESS

To keep all children as healthy as possible, please keep your child(ren) home if he/she is displaying any of the following illnesses or symptoms:

- Sore throat
- Rash of any kind
- Frequent coughing
- Strep Throat
- Head lice
- Chicken pox, ring worm, impetigo, or scabies
- Bacterial Conjunctivitis (pink eye)
- Ear ache

If a child exhibits any of these symptoms while at the After- School program, we will call you to pick up the child. You or an authorized person will need to pick up the child immediately. There will be no exceptions to this rule. This is to protect the health of your child(ren) and classmates.

If your child is sent home for any of the illnesses or symptoms listed, he/she may not return to the program for 24 hours. The child may return after that, as long as the illness or symptoms are no longer present. We appreciate your cooperation to this matter for the health and safety of the children.
