**Parent's Statement:** I accept responsibility for notifying the school of any changes of address or phone number, home or business and any change in health status of my child. Students may receive State specified health services and vision, hearing, weight, BMI and scoliosis screening. If the vision screening shows a need for a follow-up vision examination, and if your child is eligible, Florida Heiken Children's Vision Program, Florida's Vision Quest or other licensed optometrist may provide a FREE vision examination by a licensed optometrist, which may include dilation, refraction, and glasses, if prescribed. I agree to a mutual exchange of information between the Florida Heiken Children's Vision Program, Florida's Vision Quest, referring providers, Department of Health and my County Public School of any and all necessary information to enable my child to receive services; and I agree to release and hold harmless the County School Board, Miami Lighthouse for the Blind & Visually Impaired, Florida Heiken Children's Vision Program, and Florida's Vision Quest providers from any and all responsibility and liability for any injury or claim resulting from my child's participation in the Florida Heiken Children's Vision Program or Florida's Vision Quest. Students may be exempt from any of these services, if the parent or guardian requests such exemption in writing. In the event of serious illness or accident and I cannot be immediately contacted, I give permission to have my child transported by ambulance or other conveyance to a doctor's office or hospital for immediate attention, and I assume responsibility for payments of same. In case of an accident or illness where immediate treatment is not needed, but where my child is unable to remain in school, I request the school to contact me. If I am unable to be reached, I request that one of the persons listed above be contacted to care for my child until I can be reached. These people have permission to transport my child. I understand that certain educational records of my child will be shared with District health care partners, as needed, to provide and evaluate health services; and that certain medical treatment records of my child, created by health care personnel at school, may be shared with school officials who have a legitimate need for access.
